

### SCOPY AND SPECIAL CLINICS

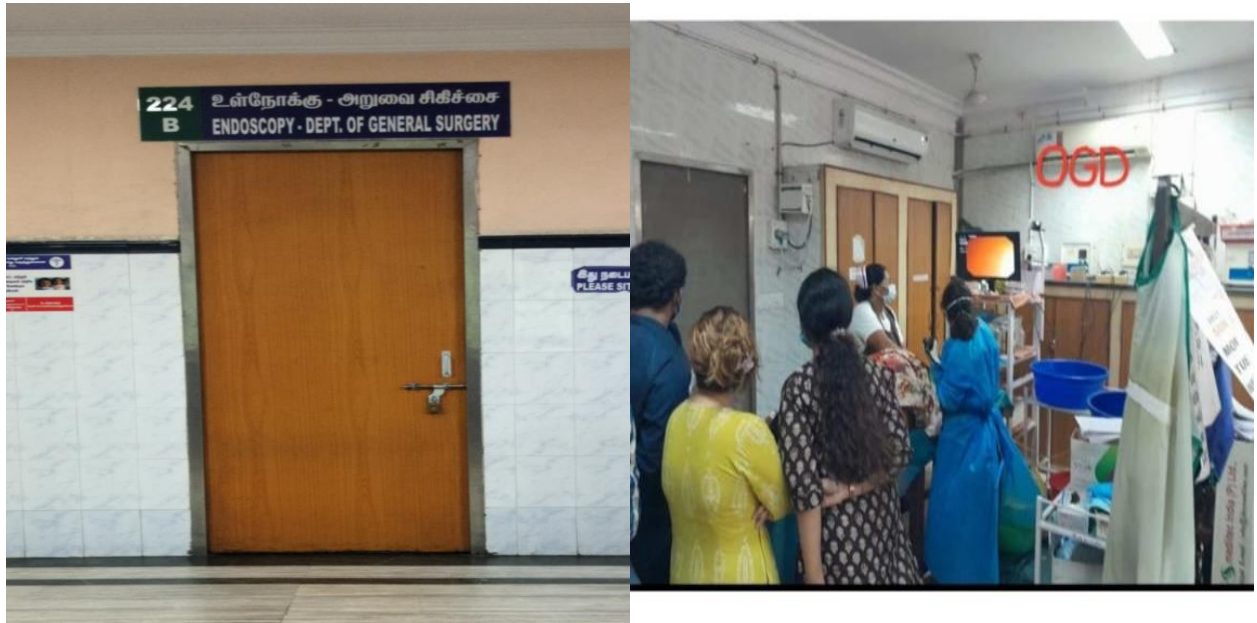

The IGS team has operated a well-equipped scopy room for over a decade. Skilled surgeons have carried out procedures like colonoscopy and OGDscopy with a variety of biopsy techniques. The Scopy Room provides postgraduates with clinical teaching facilities and hands-on training sessions to help them advance their expertise in this area.

The number of scopies completed by all units from Nov 2023- May 2025 is listed below.

UNIT	INCHARGE	OGDscopy	Colonoscopy	No. Of biopsy taken
S-1	Prof. Dr. B. Shanthi	173	85	45
S-2	Prof. Dr. D.Dorai	146	51	52
S-3	Prof. Dr. V. Vijayalaksh mi	143	42	45
S-4	Prof. Dr.V. Kopperunde vi	112	46	42
S-5	Prof. Dr. Manivannan	132	52	32
S-6	Prof. Dr. B. Shanthi	101	32	33
S-7	Prof. Dr. D. Dorai	92	34	32

Our department's scopies have helped diagnose a range of conditions, including granulomatous, inflammatory, and tumorous conditions. Approximately 550 and 150 patients, respectively, received diagnoses of different types of gastritis and ilietis and were treated as such. About fifty patients were treated in accordance with tumour board guidelines after receiving a diagnosis of GI cancers of varying grades. Around 60 patients were diagnosed with tuberculosis after biopsy and cbaat testing.

UNIT	Gastritis	Biopsy proven malignancies	Hiatus hernia	Polyp	Colitis
S-1	102	36	3	16	45
S-2	97	29	8	19	25
S-3	136	45	4	20	36
S-4	78	29	3	27	16
S-5	128	51	8	14	35
S-6	98	27	3	17	25
S-7	78	16	4	20	30

#### **FOLLOW UP CLINIC:**

Department conducts exclusive follow up clinic for post operative patients focussing on to improve their quality of life.

### **TELE CONSULTATION: EVERY TUESDAY, 10-11 AM**

Teleconsultation, inaugurated in the month of August, held in Dean Chamber every Tuesday from 10 to 11 a.m., is a new departmental project that is receiving a great deal of support from patients. Around 40 patients are benefitted every month under teleconsultation with 86% positive feedback.

#### **Future Project- Proposed clinics:**

The Institute of General Surgery, MMC is organising and preparing for the upcoming round of out-patient censuses, given the encouraging trend towards special clinics.

1. Bariatric surgery clinic
2. Varicose vein clinic

### 3. Stoma clinic
