9.	08/09/2022	MSc (N) I Year	Poonamallee PHC, Chennai	Beti bachao beti pathao & Anaemia prevention

VII SCIENTIFIC FORUM:

RESEARCH PUBLICATIONS:

Projects: (include PGs ongoing thesis & e-journal)

S.NO	YEAR	TITLE OF THE PROJECT	FUNDED YES / NO, IF YES – DETAILS
1	2024	“Estimate the severity, functional Ability and explore the perceived experience of cachexia among cancer survivors at tertiary care centre, Chennai.”	
2	2024	“A Study to Assess the Effectiveness of Nurse led-Dual Intervention on pain & discomfort during AV-fistula puncture Among Hemodialysis patient at Tertiary Care centre Chennai.”	
3	2024	“A study to assess the effectiveness of nurse led Intervention bundle for palliation of thirst intensity and dryness of mouth among postoperative patients in Surgical intensive care units at Tertiary care centre, Chennai.”	
4	2024	“A Study to assess the effectiveness of Respiratory care Modalities on Bio physiological parameters among COPD patients at Tertiary care centre, Chennai.”	
5	2024	“A study to assess the effectiveness of Receptive Provocation on cognitive function and level of consciousness among traumatic brain injury patients at Tertiary care hospital, Chennai.”	
6	2024	“Effectiveness of Nurse led Intervention on selected follow up care among breast cancer survivors attending oncology OPD, tertiary care hospital.”	
7	2024	“A Study to Assess the consequences of mind body therapy on physiological parameters among client undergoing upper gastro intestinal endoscopy at Tertiary care centre, Chennai”	

8	2024	“A Study to assess the effectiveness of double moisture technique on throat pain and dysphagia among postoperative patients in selected surgical wards at tertiary care centre, Chennai.”	
9	2024	“Exploring Burden experience and coping strategies among parents of children with Down’s syndrome at Tertiary care centre – A Mixed method”	
10	2024	“The impact of Nurse led Physical activity program on obesity reduction and Quality of life among adolescents at selected school in Chennai- A experimental study.”	
11	2024	“Explore the health care experience and effectiveness of mother empowerment session on the management of children undergo Bone marrow transplantation – A Mixed Method.”	
12	2024	“Investigating the impact of Mobile phone addiction on attention and memory function among adolescents at selected schools in Chennai – A mixed Method study.”	
13	2024	“Impact of Kangaroo mother care on physiological parameters and health experiences of Primi mothers at tertiary care centre- A mixed Method Study.”	
14	2024	“Mothers stress experiences and effectiveness of Nurse led Intervention on management of children with chronic kidney disease at Tertiary care centre – Mixed study”	
15	2024	“Psychological challenges faced by mothers of Children with Congenital heart disease at tertiary care centre – A Mixed Method Study.”	
16	2024	“Effectiveness of relaxation techniques on post-operative pain and anxiety among primipara mothers underwent elective LSCS at maternity Tertiary care hospital, Egmore Chennai.”	
17	2024	“A Study to assess the effectiveness of focused Nurse Midwife Interventions on postnatal discomfort and quality of life among postnatal mothers at maternity tertiary care hospital, Egmore, Chennai.”	
18	2024	“Exploring breastfeeding experiences and impact of Nurse led Intervention on Breast hygiene management among primipara mothers.”	
19	2024	“Exploring perceptual experiences and impact of Nurse led intervention on Respectful maternity care among the nurses at maternity tertiary care centre, Chennai- A Mixed Method.”	

20	2024	“Effectiveness of selected Nursing intervention on self-care and quality of life among women with abnormal uterine bleeding at maternity tertiary care centre.”	
21	2024	“Effectiveness of Lamaze breathing on comfort labour and anxiety among primi gravida mothers during active stage of labors in maternity tertiary care centre, Chennai.”	
22	2024	“Impact of Nurse led specific intervention on physical activity, supportive care and confidence among breast cancer and their need experience during survivorship.”	
23	2024	“Exploring perceptual experiences and impact of Nurse led intervention on functional capacity and emotional wellbeing of women undergoing hysterectomy surgery in maternity tertiary care centre, Chennai – A Mixed study.”	
24	2024	“Effectiveness of nurse led intervention on modern temporary family planning methods among reproductive age women , residing at selected urban area, Choolai”	
25	2024	“Effectiveness of community empowerment session on lifestyle modification and resilience among obese late adolescent at selected college in Chennai”	
26	2024	“Effectiveness of Nurse-led intervention of leg cramps and improving quality of sleep among pregnant woman attending antenatal clinic at selected urban primary health centre “	
27	2024	Exploring the knee pain experience and effectiveness of an integrated community nursing intervention on reduction of knee pain among elderly residing at Choolai – A mixed method	
28	2024	Efficacy of educational intervention on parental expertise regarding prevention of hypovitaminosis of Retinol C vitamin and vision impairment among the mothers of preschool children residing at selected urban area.	
29	2024	Effectiveness of nurse-led BUBBLE HE approach regarding prevention of the postpartum complications among antenatal mothers at selected urban Primary health Centres	
30	2024	A study to assess the effectiveness of community based selected nursing intervention on prevention and early detection of chronic kidney disease among hypertensive clients attending NCD clinic at urban primary health centre	

31	2024	Effectiveness of nurse led digital education on perception and practice regarding osteoporosis among premenopausal women residing at Choolai
